How strongly do you agree with these statements?

Overall Matrix Scorecard								
	Question	Count	Score	Strongly Disagree	Disagree	Undecided	Agree	Strongly Agree
1.	At my child's IEP meetings, there is a complete IEP team present – general education teacher, special education provider or supervisor, someone who can interpret evaluation results (if evaluation results were being discussed), and a district representative with authority to make commitments for services for my child. If a member was not present, I gave informed written consent for their absence in advance of the meeting and any information they would have provided was given to me in advance.	85	3.259	<input type="text"/>				
2.	My child has made progress towards the goals on the IEP because of supports/services received.	86	3.314	<input type="text"/>				
3.	The school district encouraged and facilitated my involvement in my child's IEP (held the meeting at a convenient time, asked about my child's strengths, talked about goals I have for my child, etc.) and this has made a difference in my child's educational progress.	86	3.267	<input type="text"/>				
4.	My child has the supports/services in place needed to progress.	86	2.849	<input type="text"/>				

Average	3.172
---------	-------

At my child's IEP meetings, there is a complete IEP team present – general education teacher, special education provider or supervisor, someone who can interpret evaluation results (if evaluation results were being discussed), and a district representative with authority to make commitments for services for my child. If a member was not present, I gave informed written consent for their absence in advance of the meeting and any information they would have provided was given to me in advance.
